SEEDS — GREATER YIELD IN EVERY FIELD

INTRODUCTORY

WILLIAM W. PATTON

*Grower and Importer
Highest Quality Seeds*

3567 Kensington Ave., Philadelphia, Penna.

DELaware 0545 — GARfield 3602

To My Customer Friends:

I want to thank you for your loyalty and patronage these many years, and I look forward to serving you with pleasure in the years to come. May you have a bright and prosperous 1941 season.

WILLIAM W. PATTON

I deliver to the Post Office designated, free of charge, seed orders, providing the order consists of small, fine seed in packets, ounces, quarter pounds and pounds.

I deliver to Express and Freight offices, seed orders designated free, providing the order is \$10 or more and consists of one-half in small seeds.

NON-WARRANTY

William W. Patton gives no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any Seeds, Bulbs or Plants he sells, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

SPECIAL LOW EXPRESS RATES

As seeds are now taken when packed in boxes or bags, by Express Companies at the second-class rate, it is a great advantage to those ordering in quantities which are not offered post paid to have their orders shipped by express. Large quantities can be shipped cheapest by freight, but require a longer time in transit. If the manner of shipment is left to me, I will always use my best judgment in the matter and decide to the interest of the customer.

Hutchinson Long Stump Rooted20	.50	1.75
Corless New20	.50	1.75
Half Long Stump20	.50	1.75

MARKET GARDENERS STOCK

Nantes Half Long or Coreless. Becoming more and more popular. It is always preferred on the markets on account of its handsome shape, fine color and excellent quality. 1 oz., \$0.20; ¼ lb., \$0.50; 1 lb., \$1.75.

CAULIFLOWER, SNOW DRIFT (New)

A more vigorous type of the Snow Ball class and will produce a larger head of Snow White Cauliflower. Our trials this past year proved it to be in a class that growers of Cauliflower want. 1 oz., \$3.00; 4 oz., \$10.00; 1 lb., \$35.00.

CAULIFLOWER, SUPER SNOW BALL (New)

Another wonderful strain of Snowball cauliflower, a giant snow white flower that heads up quickly and uniformly. 1 oz., \$3.00; ¼ lb., \$10.00; 1 lb., \$35.00.

CAULIFLOWER, PIONEER

Pioneer is remarkable for its vigorous constitution which enables it to withstand adverse growing conditions. It is such a sure header that it will produce first grade heads when other varieties fail or turn out mainly second grade.

Pioneer heads up very evenly over a period of about 3 weeks maturing each day about the same number of heads. Notwithstanding the heads are larger than those of other strains it is at least as early and the entire crop is cleared before the last half of the crop of Snowball is ready for cutting.

Pioneer is self-protecting to a high degree.

Until about half grown the heads are entirely wrapped in by the inner leaves.

Notwithstanding the rapid growth of the heads the curds are very solid, pure white, of a fine texture and entirely free from head leaflets. 1 oz., \$4.00; ¼ lb., \$12.00; 1 lb., \$40.00.

White Wonder Cauliflower

An improved strain developed and bred for critical Market Gardeners' Trade. The last word in Early Cauliflower. Exceptionally even, good sized, early. Plant compact, leaves medium sized. The heads are very solid and finely grained, and of a pure snowy-white which does not turn yellow even when exposed to bright sunlight. They are specially selected for keeping this compact solid curd even under the most unfavorable circumstances, so that they do not grow "ricy", or "soft" (as our market gardeners call it). 1 oz., \$4.00; ¼ lb., \$12.00; 1 lb., \$40.00. (See back cover.)

On large quantities prices will be quoted upon application

ORIGINAL NEW CASTLE GREEN CELERY

Late Keeping Heavy Full Golden Hearted Broad Ribbed Variety that will satisfy growers who want to trench or winter store to get a good price later. This variety seems to be less susceptible to changing climate conditions. Growers using this variety this past year had less cause to complain about blight in our New Castle Green Celery than other kinds they grew. If you want to be assured of a good healthy acreage of Celery use Patton New Castle Green for late keeping. 1 oz., \$1.00; ¼ lb., \$3.50; 1 lb., \$12.00. (See front cover.)

Finest trench Celery on the market. Almost a blight proof Celery. — Fulmer Bros., Bustleton Ave.

On large quantities prices will be quoted upon application

Green Acre Cabbage, Improved Yellow Resistant Strain, Grown from Fully Developed Heads.

CABBAGE

Green Acre. A newer Golden Acre, very fine stock. 1 oz., \$0.50; $\frac{1}{4}$ lb., \$1.75; 1 lb., \$6.00.

We consider Golden Acre as the best of all early Cabbage, and its present popularity is entirely justified. It will average from 10 to 12 days earlier in maturity than the regular Copenhagen Market and a week earlier than Jersey Wakefield, maturing heads in eighty-five days. The evenness of this strain is surprising, every head being just alike. The outer leaves are very restrained, so that plants may be set from 12 to 14 inches apart in the row. Its fine quality and uniformity never fails to attract attention and has proved to be one of the most profitable early varieties on the market. 1 oz., \$0.50; $\frac{1}{4}$ lb., \$1.75; 1 lb., \$6.00.

Improved Copenhagen Market. The round, solid heads weigh 8 to 10 pounds each, are of fine quality and very uniform. The light green leaves fold tightly and compactly over one another. Plants are short-stemmed, with heads just above the ground. Almost as early as Early Jersey Wakefield. Can be planted as close as Charleston Wakefield. The inside of the head is fine-grained, tender, pure white and very compact. This variety is now grown very extensively. 1 oz., \$0.45; $\frac{1}{4}$ lb., \$1.50; 1 lb., \$5.00.

Steadfast Cabbage. Steadfast belongs to the early class of cabbage, heading practically along with All Head Early. It closely follows Copenhagen Market and advances Enkhuizen Glory about 2—3 weeks, and is resistant to cabbage disease, harbored in the soil.

In shape and type it reminds a somewhat later Copenhagen Market, being also a nearly round headed type. Its great advantage over Copenhagen Market is that it will stand a considerably longer time without cracking. 1 oz., \$0.50; $\frac{1}{4}$ lb., \$1.50; 1 lb., \$6.00.

Marion Market. Yellows resistant strain of Copenhagen Market. Larger and coarser in plant, and not so early nor so uniform as the original strain, but with the round head and crisp tenderness of the parent cabbage. Will produce a normal crop on yellows infected soil where non-resistant strains fail completely. 1 oz., \$0.45; $\frac{1}{4}$ lb., \$1.50; 1 lb., \$6.00.

On large quantities prices will be quoted upon application

Early Jersey Wakefield Cabbage

CABBAGE

	1 oz.	¼ lb.	1 lb.
Early Jersey Wakefield	\$0.30	\$0.85	\$3.00
Charleston or Large Wakefield30	.85	3.00
Glory of Enkhuizen Improved40	1.25	4.00
Early Summer30	.85	3.00
All Head Early30	.85	3.00
Succession30	.85	3.00
Late Flat Dutch30	.85	3.00
Late Drumhead30	.85	3.00
Danish Round Head, short stem40	1.25	4.00
Savoy Cabbage, Perfection Drum-head (Special Strain)45	1.50	5.00
Mammoth Red Rock40	1.00	3.50
Chinese Cabbage (Chihli)25	.75	2.50

Penn State Ballhead. A very hard and tight-heading selection of Danish Ballhead which for this reason yields an increased tonnage per acre. It may be planted closer because of restricted leaf-growth. The heads are solid, uniform, fine-grained, on short stems and keep wonderfully well. 1 oz., \$0.50; ¼ lb., \$1.75; 1 lb., \$6.00

Danish Ballhead Short-stem. Most popular. This splendid variety is well known for its remarkable solidity and grand keeping qualities. The heads are very heavy and superb in quality, and the extra weight, in limited space, will be appreciated by those who grow for distant markets, ship in carloads and sell by weight. 1 oz., \$0.40; ¼ lb., \$1.25; 1 lb., \$4.00.

Hollander. An unusually fine strain of this very hardy, sure-heading, solid Cabbage. Resists cold and dry weather, and is one of the best for keeping till late spring. Remarkably uniform, medium-sized, very hard, round heads on short stems. Fine shipper. 1 oz., \$0.40; ¼ lb., \$1.25; 1 lb., \$4.00.

Wisconsin Hollander No. 8. A yellows-resistant strain of the Danish Ballhead, desirable for growing in sections infected with this disease. Plants are somewhat larger, more leafy and spreading than the Ballhead, but heads are fully as firm, compact and long keeping. 1 oz., \$0.40; ¼ lb., \$1.25; 1 lb., \$4.00.

On large quantities prices will be quoted upon application

CUCUMBERS

Longfellow Close Pack

	1 oz.	¼ lb.	1 lb.
Longfellow Close Pack, originators' stock	\$0.20	\$0.50	\$1.50
Early Fortune20	.50	1.50

Chicago Westerfield Pickle20	.40	1.25
Boston or Green Prolific Pickle20	.40	1.25

CHERVIL

Curled Chervil. The light green, crisp finely cut leaves are aromatic and used for seasoning soups, etc.

WITLOOF CHICORY OR FRENCH
ENDIVE

Witloof Chicory, French Endive. A very profitable crop. During winter this is sold by dealers in fancy fruits and vegetables as French Endive. Now well known and very popular and in constant demand by the finer hotels.

COLLARD

Creole or Southern. Grows 3 feet high, forming clusters of leaves upon its long stem. Makes excellent greens in sections where difficulty is met in growing cabbage. Oz., \$0.15; ¼ lb., \$0.40; lb., \$1.00.

CORN SALAD

Large Seeded. Makes a strong growth and produces an abundance of leaves which are used for salad.

CRESS

Extra Curled or Pepper Grass. Leaves are finely cut, crisp and pungent.

Upland Cress. Leaves and flavor resemble Watercress, and grows well on dry soil.

Water-Cress. Can be grown on the banks of ditches, or springs, etc., and when once established will yield a continuous supply of its finely flavored leaves, which find a ready and profitable market.

Where prices are not listed, gladly sent upon request.

On large quantities prices will be quoted upon application

**Grand Rapids Forcing
For Greenhouses**

GRAND RAPIDS LETTUCE

(Selected Stock) (B. S.)

The favorite loose-leaved forcing lettuce, and does well in the North for early planting outside. Leaves short, spatulate in shape, excessively blistered and crumpled, and the border heavily fringed; color very light green, with no trace of brown. A most handsome and attractive lettuce of fair quality. Our stock of Grand Rapids is unsurpassed.

1 oz. ¼ lb. 1 lb.

Washington Strain. **\$0.25 \$0.75 \$1.50**

Improved White Big Boston

IMPROVED WHITE BIG BOSTON (W. S.)

Quite similar to Big Boston in form and habit of growth, differing in being of a slightly lighter shade of green and without the brownish tinge at the borders. 1 oz., **\$0.20**; 4 oz., **\$0.75**; 1 lb., **\$2.50**.

COS OR ROMAINE

Dark Green, w. s. A medium large, dark green variety which forms a good sized, firm, well folded head. 1 oz., **\$0.15**; $\frac{1}{4}$ lb., **\$0.40**; 1 lb., **\$1.50**.

White Paris Self Folding, w. s. 77 days. Most popular variety for the home and market garden; likewise the best for forcing. Plants medium large and upright; medium light green with firm, spoon formed straight edged outer leaves and upright, loaf-shaped, well folded firm head 8—9 in. tall which is whitish-green inside with heavy, white brittle mid-ribs; hard and crisp in texture but very sweet and considered by some the standard of excellence in lettuce. 1 oz., **\$0.15**; $\frac{1}{4}$ lb., **\$0.40**; 1 lb., **\$1.50**.

Trianon. The same as White Paris Self Folding.

GIANT ITALIAN LEEK—WINTER

The largest and most hardy variety; leaves same length as American Flag but much thicker and darker green.

MUSSELBURG

A hardy sort; leaves fan-shaped and dark green.

Where prices are not listed, gladly sent upon request.

On large quantities prices will be quoted upon application

New Orange Flesh

ORANGE FLESH (New)

Undoubtedly the "last word" in the Rocky Ford type of shipping melons and has brought the highest price in every market shipped to. Its appealing deep orange flesh is its distinctive characteristic. It is the most solid, with the smallest seed cell of any type and will weigh more to the crate. Fruit very uniform in size, nearly round and densely covered with a hard gray netting. Recommended for its hardness, prolificness, deep flesh and excellent eating and shipping qualities. Originators stock, sealed pkgs., 1 lb., **\$3.00.**

MUSK MELLON

	1 oz.	¼ lb.	1 lb.
Green Fleshed, Sugar Sweet	\$0.15	\$0.40	\$1.25

Thomas Laxton. A very popular variety. Height 3 feet; vine and foliage moderately stout, medium green; pods medium green $3\frac{1}{2}$ inches long, straight, nearly round and square ended, containing 7 medium dark green peas of superior quality. Compared with Gradus, it is a little earlier, and more productive. 1 lb., \$0.30; 2 lbs., \$0.50; 10 lbs., \$2.00; 100 lbs., \$18.00.

New Long Standing Bloomsdale Spinach

NEW LONG STANDING BLOOMSDALE SPINACH

A new strain of outstanding merit, that, although recently introduced, has already become a favorite with commercial growers on account of its splendid performance. It is almost as early and quick growing as the old Bloomsdale, but it will stand in marketable condition 10 to 14 days longer before bolting. One of the advantages is that the inferior early shooting male plants are eliminated. It is intensely crumpled and blistered and very uniform. The color is a deep glossy green. Wherever Bloomsdale is grown, this improved strain will give far more satisfactory results.

Extra Dark Green Bloomsdale, New. A better and darker strain of the well-known Reselected Bloomsdale. Its darker color gives the plants a fresh appearance for a longer time after being cut than ordinary Bloomsdale. Though not quite so long-standing as our New Long Standing Bloomsdale it remains much longer in prime marketable condition than the old Savoy-Leaved. Being just as early it entirely displaces the old stock.

Virginia Blight Resistant Savoy. Extra fine strain, reproduced from the latest original stock. Our strain is almost as curled as our Reselected Bloomsdale and is far superior to the ordinary Blight Resistant offered by some houses. The only disadvantage Virginia Savoy has, is that it runs to seed rather quickly.

Giant Thick Leaved (Nobel). Decidedly the best of the round seeded thick leaved group. Because of the enormous yield, long standing character, and the deep green color and smooth character of the leaves, this is highly recommended for canning as well as for home and market garden. Leaves very large, thick, broad arrow-shaped with rounded tip.

King of Denmark — Long Seasons — Princess Juliana — Holland Giant — New Zealand

Old Dominion New. Blight resistant, late seeding.

Michigan State Forcing

SPECIAL STOCKS

For Greenhouse Growing

Michigan State Forcing. Recently developed at Michigan State College especially for greenhouse growing. High productivity under restricted daylight conditions. Attractive medium-sized fruits, of rich deep scarlet and free from blemishes, are borne in clusters of five to eleven. Flesh thick and firm. We believe this is one of the best forcing tomatoes yet introduced.

½ oz., \$1.00 1 oz., \$2.00

Marglobe. We offer the most superb strain of this splendid type in point of earliness, uniformity, and general desirability; particularly valuable for shipping; definite disease resistance recommends this variety for use in sections infested with Fusarium Wilt and Nail-head Rust. Plants thrifty and heavily productive, of long bearing period. Fruits uniform deep scarlet; large; uniformly globe-shaped; smooth, solid and of distinct quality.

½ oz., \$1.00 1 oz., \$2.00

Pritchard (Scarlet Topper). Very promising heavily productive wilt resistant introduction of superior merit for home and market garden, shipping, and canning. Fruits large, globe-shaped, scarlet and well colored about the stem end; flesh firm and of fine quality.

White Dutch Clover Seed Recleaned. *Prices upon Application.*

PANSY SEEDS

Springfield Mixture Mammoth Flowers

A great variety of colors

$\frac{1}{4}$ oz., \$2.00; $\frac{1}{2}$ oz., \$3.50; 1 oz., \$7.00

Select the coolest spot you can find for this sowing, preferably an outdoor bed on the ground where it is cooler and moisture is more uniform than in flats. Sow in a mixture of peat moss, light soil and sand. Keep uniformly moist but not wet. Excessive moisture combined with high temperature easily rots perfectly good seed.

NEW CHINESE CABBAGE (CHIHLI)

	1 oz.	$\frac{1}{4}$ lb.	1 lb.
New Chinese Cabbage (Chihli)	\$0.25	\$0.75	\$2.50

Earliest and most sure heading of the Chinese varieties. Plant of upright growth, producing long, solid white cylindrical heads, two feet in length. Leaves very broad, smooth, fringed on edge, with broad, white mid-rib; superior quality. Makes torpedo shaped head, long and pointed at the top as the illustration shows. The head is crisp and is of fine flavor. While the yield is not very heavy, it is more easily cultivated and matures very early. Very popular in United States.

On large quantities prices will be quoted upon application
